To Whom It May Concern,

I would like to take this opportunity to recommend Brittany Jack for an assistantship in your graduate school. I would like to share with you some of the reasons why I feel she would be a tremendous addition to your program.

- I have gotten to know Brittany this past 2013-14 school year as her head coach as a member of the women's basketball team at the University of Alabama. She is a hard worker and understands the time commitment it takes to be successful.
- Brittany is very focused and will work intently with each task. She will give concern and high energy toward each of her responsibilities. She possesses very good organizational, written and oral communication skills that were demonstrated in her activities as a student-athlete.
- Brittany works well with others. She understands the meaning of working within an organization and that communication is a key ingredient to successful relationships. She is selfless and was a great teammate.
- Brittany is an extremely enthusiastic, patient and genuine person who is full of energy which is an excellent quality when working within an organization. A smile is always on her face. Along with these very special qualities is the fact that she is always very caring and will go the extra mile for any of her family, friends, or teammates.
- Brittany is an excellent role model. She is a wonderful young lady and would represent your program with great class.

It is very important for you to know how Brittany can impact your program. She is a 'winner!' She is the kind of worker and person who is a total giver. She is committed to impacting people, programs, and situations in the most positive way possible, and she makes all of those around her better. I have witnessed these qualities first hand by getting to know Brittany as a part of our basketball family this past year.

Please feel free to call me with any additional information you might need. I can be reached at (205) 348-4650.

Sincerely,

  
Kristy Curry  
Head Coach
