

MORNING CONSULT

Morning Consult
National Tracking Poll #160809
August 23-24, 2016

Crosstabulation Results

Methodology:

This poll was conducted from August 23-24, 2016, among a national sample of 2102 registered voters. The interviews were conducted online and the data were weighted to approximate a target sample of registered voters based on age, race/ethnicity, gender, educational attainment, region, annual household income, home ownership status and marital status. Results from the full survey have a margin of error of plus or minus 2 percentage points.

Table Index

- 1 **Table P1:** *Now, generally speaking, would you say that things in the country are going in the right direction, or have they pretty seriously gotten off on the wrong track?* 4
- 2 **Table P2NET:** *Do you approve or disapprove of the job Barack Obama is doing as President?* 7
- 3 **Table P2:** *Do you approve or disapprove of the job Barack Obama is doing as President?* 10
- 4 **Table P3:** *Now, thinking about your vote, what would you say is the top set of issues on your mind when you cast your vote for federal offices such as U.S. Senate or Congress?* 13
- 5 **Table VX1:** *On average, about how often do you use taxis?* 16
- 6 **Table VX2:** *On average, about how often do you use ride-sharing applications on your smartphone such as Uber and Lyft?* 19
- 7 **Table VX3:** *Which of the following is the main reason you don't use ride-sharing applications on your smartphone, such as Uber and Lyft?* 22
- 8 **Table VX4_1:** *Now, thinking about ride-sharing applications on your smartphone, such as Uber and Lyft, do you think the following statements describe them well or not? They are less expensive than taking a taxi* 25
- 9 **Table VX4_2:** *Now, thinking about ride-sharing applications on your smartphone, such as Uber and Lyft, do you think the following statements describe them well or not? They are more reliable than taking a taxi or public transportation* 28
- 10 **Table VX4_3:** *Now, thinking about ride-sharing applications on your smartphone, such as Uber and Lyft, do you think the following statements describe them well or not? They are more convenient than taking a taxi or public transportation* 31
- 11 **Table VX4_4:** *Now, thinking about ride-sharing applications on your smartphone, such as Uber and Lyft, do you think the following statements describe them well or not? They collect too much personal data about their users* 34
- 12 **Table VX4_5:** *Now, thinking about ride-sharing applications on your smartphone, such as Uber and Lyft, do you think the following statements describe them well or not? They will take away jobs from taxi drivers and other professional drivers such as truck drivers* 37
- 13 **Table VX5:** *As you may know, many experts expect self-driving cars to be widely available within the next decade. In general, does this make you feel more excited or more worried?* 40
- 14 **Table VX6_1:** *Please indicate whether you agree or disagree with the following statements about self-driving cars. Self-driving cars will reduce accidents and auto-related fatalities* 43
- 15 **Table VX6_2:** *Please indicate whether you agree or disagree with the following statements about self-driving cars. Self-driving cars will reduce traffic* 46
- 16 **Table VX6_3:** *Please indicate whether you agree or disagree with the following statements about self-driving cars. Self-driving cars will collect too much personal data about their users* 49

17	Table VX6_4: Please indicate whether you agree or disagree with the following statements about self-driving cars. Self-driving cars will take away jobs from professional drivers such as truck drivers and taxi cab drivers	52
18	Table VX6_5: Please indicate whether you agree or disagree with the following statements about self-driving cars. Self-driving cars will improve the overall driving experience	55
19	Table VX6_6: Please indicate whether you agree or disagree with the following statements about self-driving cars. Self-driving cars will reduce pollution and automobile emissions	58
20	Table VX7: In the next 10 years, how likely are you to ride in a self-driving car?	61
21	Table VX8: As you may know, Uber recently started testing a self-driving car service in Pittsburgh. The cars will be capable driving themselves, but an Uber employee will be in the drivers seat and the customers will be in the back seat. How likely are you to use an Uber-style service where cars drove themselves if it were available in your area?	64
22	Table VX9: Many experts expect renting self-driving cars to become as affordable as driving a car you own. If self-driving cars became more affordable, how likely are you to sell your current car and instead rely on self-driving cars hailed using an Uber-like service?	67
23	Table VX10: Many experts expect self-driving cars to eventually be safer than cars driven by humans. If self-driving cars are shown to be safer than cars driven by humans, would you support or oppose a ban on humans driving cars?	70
24	Summary Statistics of Survey Respondent Demographics	73

Crosstabulation Results by Respondent Demographics
